

Short-Term Rental Licensing and Tax Registration Process

What is a Short-Term Rental?

A short-term rental (STR), or vacation rental, is the renting out of a furnished home, apartment, or condominium for a short-term stay (less than 30 consecutive days).

A short-term rental consists of one or more dwelling units and, in order to operate an STR in Waco, a license must be obtained from the Planning Services department. In some cases, a special permit is also required prior to issuance of a license.

The purpose of the regulations included in the Waco ordinance are to provide a procedure to allow the rental of private residences to visitors on a short-term basis, while ensuring that such rental use does not create adverse impacts to residential neighborhoods due to excessive traffic, noise and density.

In the City of Waco, Short-Term Rental properties are divided into the following categories:

Once an application has been submitted, it shall be reviewed by city staff. You will receive notifications of the status of your application via your CSS account portal.
